- 301: Generate Target Bit Rate
- 302: Acquire Q-Value Based on Target Bit Rate
- 303: Compression Process
- 304: Acquire Data Volume of Generated Image Data
- 305: Data Volume is Within Range of Limitation?
- 306: Generate Bit Rate of Generated Image Data
- 307: Acquire Information on Complexity of Image of Interest
- 308: Acquire Q-Value Based on Complexity and Target Bit Rate

501: Set Q-Value at Initial Value

502: Compression Process

503: Acquire Data Volume of Generated Image Data

504: Data Volume > Range of Limitation?

505: Decrease Q-Value

506: Data Volume < Range Of Limitation?

507: Increase Q-Value
